***Guest Blogger Information Form***

The Florida Literacy Coalition (FLC) created a blog ([www.floridaliteracy.wordpress.com](http://www.floridaliteracy.wordpress.com)). As Florida's Adult and Family Literacy Resource Center, FLC uses the blog to facilitate discussion among FLC members and audiences about adult and family literacy news, resources and opportunities as they relate to the advancement of adult education and literacy in the state of Florida. For that reason, FLC members who are willing to contribute to the blog should complete this ***Guest Blogger Information Form***.

**Guest bloggers must submit only content directly related to adult and family literacy in Florida. Content should not exceed 200 words and can include photography/graphics. Bloggers should review previously published blog posts to ensure his/her content is new and fresh.**
