

Article Continued: Promising Practices in Adult Literacy

e-Literacy News

Fall 2010

This resource outlines the successes and challenges encountered by each program with the understanding that these models can be replicated and adapted to varying program circumstances.

FLC thanks the Florida Department of Education for supporting this project, and the literacy organizations for sharing their work and the secrets of their success.

It is FLC's hope that these initiatives will serve as a source of ideas and inspiration for others in our field. You can review these and other promising practices on our website by clicking [here](#).
