September is Literacy Month in Florida's State Parks!

e-Literacy News
September 2009

The Division encourages local literacy programs to contact state park managers if they are interested in participating in or potentially co-sponsoring a literacy event or activity at a state park. Please go to www.floridastateparks.org to access contact information about Florida's 161 state parks. The site also has a calendar of events which includes information about planned literacy events. A selection of literacy month events can also be viewed through the [Florida Literacy Coalition's Calendar](#). If you have an event to add please send name, date/time, description, and contact information to dorok@floridaliteracy.org and we will be happy to add it to our calendar.
